10 FINDINGS OF FACT, CONCLUSIONS OF LAW  
11 JUDGMENT AND DECREE

12 This matter came on regularly for hearing on the 17th day of  
13 September, 1970, before Honorable Llewellyn A. Young, District  
14 Judge of the above-entitled court presiding, the entire stream  
15 system being within Humboldt County, State of Nevada, and he being  
16 the Judge designated by NRS 533.165 to hear and having jurisdiction  
17 to hear the above-entitled matter, upon the State Engineer's  
18 determination of the relative rights of the petitioner and claim-  
19 ants to the use of the waters of the stream system of Craine Creek,  
20 Knott Creek, Cove Creek, Corral Creek and Center Creek and their  
21 tributaries, which Order of Determination and all related documen-  
22 tary evidence had been filed by the State Engineer. There being no  
23 exceptions to the Order of Determination filed or otherwise sub-  
24 mitted to the Court at least 5 days prior to the date set for hear-  
25 ing as provided for under NRS 533.170 by the claimants or  
26 petitioner or any other person or persons, the matter was submit-  
27 ted to the Court for its decision.

28 William Paul, Esquire, Deputy Attorney General of the State  
29 of Nevada, Starr Hill, Jr., Surface Water Engineer, and  
30 L. Edward Parmenter, Adjudication Engineer, appeared in the hearing  
and proceedings on behalf of the State of Nevada and the Office of  
the State Engineer. James A. Callahan, Esquire, appeared on behalf

1 of claimant, Pine Forest Land and Stock Company. The claimant,  
2 Nevada Alder Creek Ranch, was not represented.

3 The record disclosed that the claimants had received a  
4 certified copy of the Court Order Setting Forth the Time and Place  
5 for Hearing on the Order of Determination.

6 The Deputy Attorney General thereupon, at the hearing, offered  
7 and there were received in evidence in support of the rights of the  
8 claimants, as set forth in the Order of Determination, verified  
9 affidavits, files and records of the State Engineer's Office  
10 respecting the rights of the claimants in and to the above-named  
11 stream system.

12 The Court, having duly considered the entire record, the  
13 evidence introduced and received, directed that Findings of Fact,  
14 Conclusions of Law, and Judgment and Decree be entered accordingly.

15 FINDINGS OF FACT

16 I.

17 That on October 10, 1966, the Nevada Alder Creek Ranch, a  
18 water user on Craine Creek, Knott Creek, Cove Creek, Corral Creek  
19 and Center Creek and their tributaries, filed with the State  
20 Engineer of the State of Nevada, a petition requesting the deter-  
21 mination of the relative rights of the petitioner and other claim-  
22 ants to the waters of the afore-mentioned streams, situate in  
23 Humboldt County, State of Nevada.

24 That the State Engineer thereupon and in accordance with the  
25 provisions of NRS 533.090, made an investigation of all facts and  
26 conditions of and concerning the above-named stream system and its  
27 tributaries for the purpose of disclosing whether the determination  
28 of such rights was justified and filed his report thereon in the  
29 Office of the State Engineer of the State of Nevada. The report  
30 of the facts and conditions disclosed that a determination of the

1 relative rights was justified, and the State Engineer made and  
2 entered his order on November 21, 1966, granting the petition for  
3 the determination of such relative rights in and to the waters of  
4 Craine Creek, Knott Creek, Cove Creek, Corral Creek and Center  
5 Creek and their tributaries.

6 That as a result of the State Engineer's investigation report,  
7 it was found that the waters of Craine Creek, Knott Creek, Cove  
8 Creek, Corral Creek and Center Creek and their tributaries are  
9 being placed to beneficial use for irrigation, stock watering and  
10 domestic purposes on the Alder Creek Ranch, as affirmed by Proofs  
11 of Appropriation 02631, 02632, 02633, 02634, 02635, 02636, 02637,  
12 02638, 02644, 02645, 02646, 02647, 02648 and 02649 and Amended  
13 Proof of Appropriation 02196 and the waters of Corral Creek and  
14 Center Creek and their tributaries are being placed to beneficial  
15 use for stock watering purposes by the Pine Forest Land and Stock  
16 Company as affirmed by Proofs 02595 and 02596. Evidence contained  
17 in the title documents submitted by the claimants, relative to  
18 the land, indicates the present claimants and appropriators, the  
19 Nevada Alder Creek Ranch and the Pine Forest Land and Stock  
20 Company, are the successors in interest to vested rights initiated  
21 by their predecessors.

22 That on the 28th day of November, 1966, and once each week  
23 for four succeeding weeks, the State Engineer did cause to be  
24 published a Notice of Order and Proceedings to Determine Water  
25 Rights in and to the waters of Craine Creek, Knott Creek, Cove  
26 Creek, Corral Creek and Center Creek and their tributaries in  
27 Humboldt County, State of Nevada, and that notice was duly given  
28 to all claimants as required by law. That on the 4th day of  
29 January, 1967, there was filed in the Office of the State Engineer  
30 an affidavit of the publisher of the Humboldt County Bulletin,

1 exemplifying the Proof of Publication of the Notice of Order and  
2 Proceedings.

3 That the State Engineer did cause to be published on the 1st  
4 day of February, 1967, and once each week for four succeeding  
5 weeks, a Notice of Order for Taking Proofs to Determine Water  
6 Rights, in and to the waters of Craine Creek, Knott Creek, Cove  
7 Creek, Corral Creek and Center Creek and their tributaries in  
8 Humboldt County, State of Nevada, and that notice was duly given  
9 to all claimants as required by law. That on the 6th day of  
10 March, 1967, there was filed in the Office of the State Engineer  
11 an affidavit of the publisher of the Humboldt County Bulletin,  
12 exemplifying the Proof of Publication of Notice of Order for  
13 Taking Proofs.

14 That the State Engineer, in accordance with NRS 533.140 did  
15 enter and file in the records of his office, on the 11th day of  
16 March, 1970, an Abstract of Claims, a Preliminary Order of  
17 Determination and Notice and Order Fixing and Setting Time and  
18 Place of Inspection, stating when and where the evidence taken or  
19 filed with him and the proofs of claims were open to the  
20 inspection of all interested persons; and that notice thereof was  
21 duly given to all claimants as required by law.

22 That the State Engineer, in accordance with NRS 533.160,  
23 entered in the records of his office, on the 5th day of June,  
24 1970, an Order of Determination defining the rights of the claim-  
25 ants and appropriators to the waters of Craine Creek, Knott Creek,  
26 Cove Creek, Corral Creek and Center Creek and their tributaries  
27 and that notice thereof was duly given to all claimants as required  
28 by law.

29 That upon the filing of the certified copy of the Order of  
30 Determination and original evidence with the Clerk of the Court

1 of Humboldt County, State of Nevada, the Court, at the request of  
2 the State Engineer, made and entered an Order on the 12th day of  
3 June, 1970, setting a time for the hearing of any exceptions to  
4 the Order of Determination on Thursday the 17th day of September,  
5 1970, at 10:30 o'clock of the forenoon of said day, in the court  
6 room of the Court House at Winnemucca, Nevada; and that the clerk  
7 of the Court did furnish the State Engineer with a certified copy  
8 thereof.

9 That the State Engineer, in accordance with NRS 533.165, gave  
10 notice to the claimants, by service of a certified copy of the  
11 Court Order Setting Time for Hearing.

12 That on the 24th day of June, 1970, and once each week for  
13 four succeeding weeks, the State Engineer did cause to be published,  
14 the Court Order Setting Time for Hearing, and that thereafter on  
15 the 4th day of August, 1970, there was filed in the Office of the  
16 State Engineer an affidavit of the publisher of the Humboldt  
17 County Bulletin, exemplifying the Proof of Publication of the  
18 Court Order Setting Time for Hearing.

19 The Court finds that all and singular, the Proceedings, Orders  
20 and Notices required by Chapter 533 of NRS were duly had, made and  
21 given as required by law, and that all and singular the matters  
22 and things contained in the record were done, performed, given  
23 and made in strict compliance with the statute, and that this  
24 Court had and has jurisdiction to hear and determine this matter.

25 II.

26 The Court Further Finds: That Craine Creek, Knott Creek,  
27 Cove Creek, Corral Creek and Center Creek and their tributaries  
28 are situated wholly within Humboldt County, State of Nevada.

29 III.

30 The Court Further Finds: That the names of the claimants and

1 appropriators, the source of the water supply, the period of use,  
2 the duty of water, the diversion of water and method of use,  
3 measurement of water, stock watering and domestic use, change of  
4 place of use, and the rights of appropriation of the water, all  
5 as set forth in the Order of Determination are true, proper and  
6 correct, and all and singular the same should be approved and  
7 confirmed.

#### 8 I. PREFACE

9 On October 10, 1966, the Nevada Alder Creek Ranch, a water  
10 user on Craine Creek, Knott Creek, Cove Creek, Corral Creek and  
11 Center Creek and their tributaries, filed with the State Engineer  
12 of the State of Nevada, a petition requesting the determination of  
13 the relative rights of the petitioner and other claimants to the  
14 waters of the afore-mentioned streams, situate in Humboldt County,  
15 State of Nevada.

16 A field investigation was made of Craine Creek, Knott Creek,  
17 Cove Creek, Corral Creek and Center Creek on October 25, 1966,  
18 by Starr Hill, Jr., then Field Engineer from the Office of the  
19 State Engineer. He found that facts and conditions justified the  
20 granting of the petition and that proper arrangements should be  
21 initiated to proceed with such determination.

22 On November 21, 1966, the State Engineer entered an Order  
23 granting the petition and made proper arrangements to proceed with  
24 the determination of the relative rights of the water users in  
25 accordance with NRS 533.090.

26 On January 30, 1967, the State Engineer entered a Notice of  
27 Order for Taking Proofs to Determine Water Rights.

#### 28 II. CLAIMANTS

29 The investigation disclosed that the waters of Craine Creek,  
30 Knott Creek, Cove Creek, Corral Creek and Center Creek and their

1 tributaries are being placed to beneficial use for irrigation,  
2 stock watering and domestic purposes on the Alder Creek Ranch, as  
3 affirmed by Proof of Appropriation 02631, 02632, 02633, 02634,  
4 02635, 02636, 02637, 02638, 02544, 02645, 02646, 02647, 02648 and  
5 02649 and Amended Proof of Appropriation 02196, and the waters of  
6 Corral Creek and Center Creek and their tributaries are being  
7 placed to beneficial use for stock watering purposes by the Pine  
8 Forest Land and Stock Company as affirmed by Proofs 02595 and  
9 02596. Evidence contained in the title documents submitted by  
10 the claimants, relative to the land, indicates the present claim-  
11 ants and appropriators, the Nevada Alder Creek Ranch and the Pine  
12 Forest Land and Stock Company, are the successors in interest to  
13 vested rights initiated by their predecessors.

#### 14 III. SOURCE

15 The Craine Creek Stream System is situated in the northwest  
16 portion of Humboldt County, west of Duffer Peak. Knott Creek,  
17 Cove Creek and Corral Creek flow from the western slopes of the  
18 Pine Forest Range heading at an elevation in excess of 7,000 feet.  
19 Craine Creek and Center Creek flow from the eastern slopes of the  
20 Black Rock Range. All of the streams are tributary to Craine  
21 Creek which flows northerly into Alkali Flat and terminates in  
22 Gridley Lake, which is often dry. The streams are fed by snow  
23 melt from the mountains and from springs. They have a high spring  
24 runoff due to melting snows and then recede to a minimum flow from  
25 the springs for the remainder of the year.

#### 26 IV. PERIOD OF USE

27 The irrigation season shall begin on March 15th and end on  
28 November 1st of each year.

#### 29 V. DUTY OF WATER

30 The seasonal duty of water on lands irrigated from Craine

Crest, Knott Creek, Cove Creek, Corral Creek and Center Creek and  
the amount of water herein fixed and shall not exceed:

Class A --- Harvest Crop --- 4.0 ac. ft./ac./season

Class B --- Meadow Pasture --- 2.0 ac. ft./ac./season

#### VI. DIVERSION OF WATER AND METHOD OF USE

The claimant shall have the right to divert 2½ cubic feet per  
second of water per 100 acres of land irrigated, but not to exceed  
the seasonal duty as established herein.

required to use the amount of water allotted to them in a  
continuous flow, but may cumulate the same or any part thereof in  
rotations or periodic return within the seasonal limits, with the  
approval of the Water Commissioner and subject to the control and  
direction of the State Engineer.

#### VII. MEASUREMENT OF WATER

All measurements of amounts of water diverted are to be made  
at a point where the main ditch enters or becomes adjacent to the  
land to be irrigated or as near thereto as is practicable; the  
location if not selected by the State Engineer to be approved by  
him. The water user shall install and maintain at its own expense,  
substantial and easily operated regulating headgates and measuring  
devices in its ditch or ditches or channel. Due allowance for  
losses in ditches will be made by the State Engineer in case it  
becomes necessary.

Priorities are fixed by years and where the years are the  
same, the priorities are equal.

#### VIII. STOCK WATERING AND DOMESTIC

The right to the diversion and use of water for stock water-  
ing and domestic purposes is to be continued by the claimants

3 the stock watering rights of appropriation.
