No. 6513
Filed March 10, 1966
Grace W. Bell Clerk

9 FINDINGS OF FACT, CONCLUSIONS OF LAW.

10 JUDGEMENT AND DECREE

11 This matter came on regularly for hearing on the 27th day
12 of October, 1965, before Honorable Merwyn H. Brown, District
13 Judge of the above-entitled court presiding, the entire stream
14 system being within Humboldt County, State of Nevada, and he
15 being the Judge designated by NRS 533.165 to hear and having
16 jurisdiction to hear the above-entitled matter, upon the State
17 Engineer's final determination of the relative rights of the
18 petitioner and claimants to the use of the waters of the stream
19 system of Kings River and its tributaries, which Final Order of
20 Determination and all related documentary evidence had been filed
21 by the State Engineer. There being no exceptions to the Final
22 Order of Determination filed or otherwise submitted to the Court
23 at least 5 days prior to the date set for hearing as provided for
24 under NRS 533.170 by the claimants or petitioner or any other
25 person or persons, the matter was submitted to the Court for its
26 decision.

27 William Paul, Esq., Deputy Attorney General of the State of
28 Nevada, Roland D. Westergard, Assistant State Engineer, Starr
29 Hill Jr., Field Engineer, and L. Edward Parmenter, Adjudication
30 Engineer of the Office of the State Engineer, State of Nevada,
appeared in the hearing and proceedings on behalf of the State of

1 Nevada and the Office of the State Engineer. James A. Callahan,
2 Esq., appeared on behalf of claimant, Bengoa Ranching Company,
3 Inc., and Sidney W. Robinson appeared on behalf of claimants,
4 Henry and Candida Marcuerquiaga.

5 That, thereafter at the hearing, Objections to the Final
6 Order of Determination were presented to the Court for its
7 decision by claimants Henry and Candida Marcuerquiaga through
8 their attorney Sidney W. Robinson, Esq. and claimant Bengoa
9 Ranching Company, Inc., through its attorney, James A. Callahan,
10 Esq. The Court approved agreements and stipulations of all
11 parties to said action and ordered the State Engineer of the State
12 of Nevada to amend certain provisions of the Final Order of
13 Determination; that thereafter, there was filed in the Office of
14 the State Engineer on the 2nd day of November, 1965, stipulations
15 to amend certain provisions of the Order of Determination as
16 accepted and ordered by the Court.

17 The record disclosed that petitioner and all claimants had
18 received a certified copy of the Court Order Setting Forth the
19 Time and Place for Hearing on the Order of Determination.

20 The Deputy Attorney General thereupon, at the hearing,
21 offered and there were received in evidence in support of the
22 rights of the petitioner and claimants, as set forth in the Final
23 Order of Determination, verified affidavits, files and records of
24 the State Engineer's Office respecting the rights of the petition-
25 er and claimants in and to the above-named stream system.

26 The Court, having duly considered the entire record, the
27 evidence introduced and received, briefs of counsel for said
28 claimants, and pursuant to agreement and stipulation of all
29 parties, and being fully advised, made, entered, and filed in
30 this court on October 27, 1965, an opinion and decision and

1 directed that Findings of Fact, Conclusions of Law, and Judgment
2 and Decree be entered accordingly.

3 FINDINGS OF FACT

4 I.

5 That on October 3, 1957, the Bengoa Ranching Company, Inc.,
6 a water user on Kings River and its Tributaries, acting by and
7 through its attorney, James A. Callahan, of Winnemucca, Nevada,
8 filed with the State Engineer of the State of Nevada, a petition
9 requesting the determination of the relative rights of petitioner
10 and various claimants to the waters of Kings River and tributaries
11 thereto situate in Humboldt County, State of Nevada.

12 That the State Engineer thereupon and in accordance with the
13 provisions of NRS 533.090, made an investigation of the facts and
14 conditions of and concerning the above-named stream system and its
15 tributaries for the purpose of disclosing wheter the determination
16 of such rights was justified, and filed his report thereon in the
17 Office of the State Engineer of the State of Nevada. The report
18 of the facts and conditions disclosed that a determination of the
19 relative rights was justified, and the State Engineer made and
20 entered his order on January 3, 1962, granting the petition for
21 the determination of such relative rights in and to the waters of
22 Kings River and its tributaries.

23 That, as a result of the State Engineer's investigation
24 report, it was found that the waters of Kings River and its
25 tributaries are being placed to beneficial use by the Bengoa
26 Ranching Company, Inc., Pete Yrueta, Henry and Candida Marcuerqui-
27 aga, and Victoriana Goyhex. Evidence contained in the Proofs of
28 Appropriation filed indicates the present claimants and appropri-
29 ators are the successors in interest to vested rights initiated
30 by their predecessors prior to March 1, 1905 with the exception

1 of Victoriana Goyhex, who had acquired an interest in a water
2 permit by submitting deeds of conveyance to the State Engineer,
3 and who subsequently has assigned her interest in the permit to
4 the Bengoa Ranching Company, Inc.

5 That on the 9th day of January, 1962, the State Engineer did
6 cause to be published a Notice of Order and Proceedings to
7 Determine Water Rights in and to the waters of Kings River and its
8 tributaries in Humboldt County, State of Nevada. That on the 12th
9 day of February, 1962, there was filed in the Office of the State
10 Engineer an affidavit of the publisher of the Humboldt Star, ex-
11 emplifying the Proof of Publication of Notice of Order and
12 Proceedings.

13 That due to the fact that all of the claimants, being less
14 than ten in number, did not sign waiver of notices as required
15 under NRS 533.215, the State Engineer did cause to be published
16 on the 6th day of August, 1962, a Notice of Order for Taking
17 Proofs to Determine Water Rights in and to the waters of Kings
18 River and its tributaries in Humboldt County, State of Nevada, and
19 that notice was duly given to all claimants as required by law.
20 That on the 24th day of September, 1962, there was filed in the
21 office of the State Engineer an affidavit of the publisher of the
22 Humboldt Star, exemplifying the Proof of Publication of Notice of
23 Order for Taking Proofs.

24 That the State Engineer, in accordance with NRS 533.140, did
25 enter and file in the records of his office, on the 21st day of
26 October, 1964, an Abstract of Claims, a Preliminary Order of
27 Determination and Notice and Order Fixing and Setting Time and
28 Place of Inspection, stating when and where the evidence taken by
29 or filed with him and the proofs of claims shall be open to the
30 inspection of all interested persons; and that notice thereof was

1 duly given to all claimants as required by law.

2 That thereafter, on the 31st day of December, 1964, Object-
3 ions to the Preliminary Order of Determination were filed by
4 claimants Henry and Candida Marcuerquiaga through their attorney,
5 Sidney W. Robinson; that in lieu of holding a hearing on said
6 objections, which time and place had been set for hearing pursuant
7 to NRS 533.150, the said parties filed with the State Engineer of
8 the State of Nevada, on April 22, 1965, a stipulation to withdraw
9 the objections and to amend certain provisions of the Preliminary
10 Order of Determination.

11 That the State Engineer, in accordance with NRS 533.160,
12 entered in the records of his office, on the 28th day of June,
13 1964, a Final Order of Determination defining the rights of the
14 claimants and appropriators to the waters of Kings River and its
15 tributaries and that notice thereof was duly given to all claim-
16 ants as required by law.

17 That upon the filing of the certified copy of the Final
18 Order of Determination and original evidence with the Clerk of the
19 Court of Humboldt County, State of Nevada, the Court, at the
20 request of the State Engineer, made and entered an Order on the
21 1st day of July, 1965, setting a time for the hearing of any ex-
22 ceptions to the Final Order of Determination, on Wednesday, the
23 27th day of October, 1965 at 10:00 o'clock in the forenoon, at
24 the County Court House at Winnemucca, Nevada; and that the Clerk
25 of said Court did furnish the State Engineer with a certified
26 copy thereof.

27 That the State Engineer, in accordance with NRS 533.165,
28 gave notice to the claimants, by service of a certified copy of
29 the Court Order Setting the Time for Hearing.

30 That on the 13th day of July, 1965, the State Engineer did

1 cause to be published, the Court Order Setting Time for Hearing,
2 and that thereafter on the 23rd day of September, 1965, there was
3 filed in the Office of the State Engineer an affidavit of the
4 publisher of the Humboldt Star, exemplifying the Proof of
5 Publication of the Court Order Setting Time for Hearing.

6 The Court finds that all and singular, the Proceedings,
7 Orders and Notices required by Chapter 533 of NRS were duly had,
8 made and given as required by law, and that all and singular the
9 matters and things contained in the record were done, performed,
10 given and made in strict compliance with the statute, and that
11 this Court had and has jurisdiction to hear and determine this
12 matter.

13 II

14 The Court Further Finds: That Kings River and its tribu-
15 taries are situated wholly within Humboldt County, State of
16 Nevada.

17 III

18 The Court Further Finds: That the names of the claimants
19 and appropriators, the duty of water, the measurement of water,
20 the length of the irrigation season, stock watering and domestic
21 use of the water, the change of place of use, and the rights of
22 appropriation, all as set forth in the Final Order of Determin-
23 ation, as amended pursuant to stipulation of all parties and clai-
24 mants, are true, proper and correct, and all and singular the
25 same should be approved and confirmed.

26 I. PREFACE

27 On October 3, 1957, the Bengoa Ranching Company, Inc., a
28 water user on Kings River and its tributaries, submitted a
29 petition to the State Engineer requesting a determination of the
30 relative rights of claimants in and to the waters of said stream

1 system. On August 23, 1961, an investigation was made by Roland
2 D. Westergard, then Hydraulic Engineer and Charles C. Armuth, Jr.,
3 then Hydraulic Engineer, which disclosed that facts and conditions
4 justified the granting of said petition. On January 3, 1962, the
5 State Engineer entered an official order granting the petition and
6 made proper arrangements to proceed with the determination in
7 accordance with the provisions of NRS 533.000.

8 All of the claimants and appropriators, being less than ten
9 in number, did not sign waiver of notices as required under NRS
10 533.215. On August 3, 1962, the State Engineer entered a Notice
11 of Order for Taking Proofs to Determine Water Rights.

12 II. CLAIMANTS

13 The investigation above referred to disclosed that the
14 waters of Kings River and its tributaries are being placed to
15 beneficial use by the Bengoa Ranching Company, Inc., Pete Yrueta,
16 Henry and Candida Marcuerquiaga, and Victoriana Goyhex. Evidence
17 contained in the Proofs of Appropriation filed in this office
18 indicate the present claimants and appropriators are the success-
19 ors in interest to vested rights initiated by their predecessors
20 with the exception of Victoriana Goyhex, who had acquired an
21 interest in a water permit by submitting deeds of conveyance to
22 the State Engineer, and who subsequently has assigned her interest
23 in the permit to Bengoa Ranching Company, Inc.

24 III. SOURCE

25 Kings River rises in the north central part of Humboldt County in
26 the mountain ranges that contains Disaster Peak on the east and
27 Trident Peak on the west. The stream flows south to the upper
28 regions of Kings River Valley, where the water is used for irri-
29 gation, stock watering, and domestic purposes.

30 There are numerous canyons in the mountains on both the east

1 and west sides of the valley which contribute water to Kings
2 River. The chief tributaries are Log Cabin Creek, Rodeo Creek,
3 Horse Creek, Granite Creek, China Creek, Flat Creek and House
4 Creek.

5 Kings River and its tributaries are typical of most of the
6 mountain streams in Nevada. They are fed from melting snow and
7 springs, and have a high spring run-off and a receding flow during
8 the summer months, when many of the tributaries cease to flow.

9 IV. DUTY OF WATER

10 The duty of water on lands irrigated from the Kings River
11 and its tributaries is herein fixed as follows:

12 Class A--Harvest Crops-----4.0 acre-feet per acre per
13 season.
14 Class B--Meadow Pasture-----2.0 acre-feet per acre per
15 season.
16 Class C--Diversified Pasture---1.0 acre-foot per acre per
17 season.

18 V. DIVERSION OF WATER AND METHOD OF USE

19 The maximum allowable diversion herein fixed is 2.0 c.f.s.
20 for each 100 acres of land irrigated. Due to the characteristics
21 of the stream flow, the claimants named herein or their successors
22 in interest shall be allowed to increase the rate of direct flow
23 diversions to the maximum herein allowed so as to satisfy any
24 immediate needs of the growing crops. They may, at their own
25 option, rotate the allotted water between the various fields
26 having a decreed water right at such times and in such quantities
27 as is necessary to place the water to the greatest beneficial use.

28 Existing reservoirs may be used to store and regulate water
29 herein allotted. Diversion of water to such reservoirs shall be
30 consistent with quantities of water and priorities as herein
determined. The aggregate amount of water diverted from a
reservoir is not to exceed the total duty of water herein fixed
for the lands served by said reservoir.

1 All water allotted under this order shall be appurtenant to
2 the place of use or places of use designated herein. Any water
3 user desiring to change the point of diversion, manner of use or
4 place of use of the water allotted herein must make application to
5 the State Engineer for permission to make the change pursuant to
6 NRS 533.345.

7 X. RIGHTS OF APPROPRIATION

8 From the Final Order of Determination and the evidence, both
9 oral and documentary, submitted in support thereof, the Court finds
10 that the names of the claimants and appropriators of the waters of
11 Kings River and its tributaries, the source of the water supply,
12 the means of diversion, the points of diversion for beneficial use,
13 the year of priority, the cultural acreages and places of use, the
14 legal subdivisions, sections, townships, ranges and the duty of
15 water, are as listed, stated and set forth.

16 CONCLUSIONS OF LAW

17 From the evidence presented and received in this matter, and
18 from the foregoing FINDINGS OF FACT, the Court makes the following
19 Conclusions of Law:

20 I.

21 That the State Engineer had the right, authority and juris-
22 diction pursuant to Chapter 533 of NRS, to make the investigations
23 made by him, conduct the hearings had by him, receive the proofs
24 and maps, hear the evidence presented to him, and prepare, make,
25 enter and file in his office the original Final Order of Determi-
26 nation and file a certified copy thereof in this Court, and to
27 determine the relative rights of claimants and appropriators in
28 and to the waters of Kings River and its tributaries in Humboldt
29 County, State of Nevada; that the State Engineer duly made all
30 orders necessary and proper in connection therewith and entered

1 the same in his office as required by Chapter 533 of NRS; that
2 each and every notice required by law to be given herein to the
3 claimants and appropriators was duly served by the State Engineer
4 in the manner and within the time required by statute, and that
5 the notices contained all of the statements required by law, and
6 that the claimants and appropriators of the waters of the above-
7 named stream system and its tributaries duly received the infor-
8 mation and notices herein, as required by law.

9 II.

10 That the Sixth Judicial District Court of the State of
11 Nevada, in and for the County of Humboldt, had and has jurisdiction
12 to hear and try this matter, and has jurisdiction to find, make
13 and enter the foregoing Findings of Fact and these Conclusions of
14 Law, and enter its Decree herein.

15 III.

16 That the Bengoa Ranching Company, Inc., Henry and Candida
17 Marcuerquiaga, and Pete Yrueta constitute the claimants and the
18 only claimants who were and now are appropriators and users of
19 the waters of Kings River and its tributaries on the date the
20 Final Order of Determination was filed with the Clerk of this
21 Court, and on the date of the trial and hearing of this matter.

22 IV.

23 That the duty of water on lands irrigated from the Kings
24 River and its tributaries is herein fixed as follows:

25 Class A---Harvest Crops-----4.0 acre-feet per season
26 Class B---Meadow Pasture----2.0 acre-feet per season
27 Class C---Diversified Pasture-1.0 acre-foot per season

28 V.

29 That the maximum allowable diversion herein fixed is 2.0
30 c.f.s. for each 100 acres of land irrigated. Due to the charac-
teristics of the stream flow, the claimants named herein or their

1 successors in interest shall be allowed to increase the rate of
2 direct flow diversions to the maximum herein allowed so as to
3 satisfy any immediate needs of the growing crops. They may, at
4 their own option, rotate the allotted water between the various
5 fields having a decreed water right at such times and in such
6 quantities as is necessary to place the water to the greatest
7 beneficial use.

8 That existing reservoirs may be used to store and regulate
9 water herein allotted. Diversion of water to such reservoirs
10 shall be consistent with quantities of water and priorities as
11 herein determined. The aggregate amount of water diverted from
12 a reservoir is not to exceed the total duty of water herein fixed
13 for the lands served by said reservoir.

14 VI.

15 That all waters allotted in the Decree shall be appurtenant
16 to the place or places of use designated therein, and in the event
17 that any water user desiring to change the place of use of the
18 waters allotted herein, must make application to the State Engineer
19 for permission to make the change pursuant to law.

20 VII.

21 That the entire waters of the stream system known as Kings
22 River and its tributaries are now fully appropriated, and there is
23 no further surplus water for irrigation during the irrigating
24 season.

25 VIII.

26 That the exceptions filed to the Order of Determination by
27 Henry and Candida Marcuerquiaga with respect to changing the dates
28 of priority have been granted. That the harvest and meadow
29 pasture rights of claimants, Henry and Candida Marcuerquiaga,
30 Proof No. 02526 with an 1886 priority to irrigate 44.32 acres of

1 land, are to be served prior to the 475.87 acres of diversified
2 pasture, with a priority of 1874, under claimants, Bengoa
3 Ranching Company, Inc., Proof No. 02514. That after the 475.87
4 acres of diversified pasture rights are served on the Bengoa
5 Ranching property, or if there is insufficient water in Horse
6 Creek to reach the said diversified pasture, that in that event
7 Henry and Candida Marcuerquiaga can utilize such water on their
8 property known as the Horse Creek Ranch.

9 IX.

10 That except where specifically otherwise ordered herein or
11 in the Decree, the Final Order of Determination made, filed and
12 caused to be entered of record in this matter by the State
13 Engineer, should be affirmed.

14 JUDGMENT AND DECREE

15 THEREFORE, BY REASON OF THE FINDINGS OF FACT AND CONCLUSIONS
16 OF LAW HEREINBEFORE SET FORTH, IT IS ORDERED, ADJUDGED AND DECREED
17 BY THE COURT AS FOLLOWS:

18 I.

19 That the State Engineer made all necessary and proper orders
20 herein as required by law, and that each and every notice required
21 by law was duly given to the claimants and appropriators; that the
22 claimants and appropriators had full opportunity to appear and be
23 heard in objection to and file exceptions to the Final Order of
24 Determination herein; that the claimants and appropriators are the
25 only claimants and appropriators of the waters of Kings River and
26 its tributaries.

27 That the Court has full and complete jurisdiction to hear,
28 try and determine this matter and to make and enter herein this
29 Decree.

30 II.

1 as near thereto as practicable.

2 VI.

3 That substantial headgates and weirs must be installed
4 wherever necessary to insure and facilitate the proper measurement,
5 control and distribution of water in accordance with the rights
6 herein defined.

7 VII.

8 That the entire waters of the stream system known as Kings
9 River and its tributaries are now fully appropriated, and there
10 is no further surplus water for irrigation during the irrigating
11 season.

12 VIII.

13 That the exceptions filed to the Order of Determination by
14 Henry and Candida Marcuerquiaga with respect to changing the dates
15 of priority have been granted. That the harvest and meadow
16 pasture rights of claimants, Henry and Candida Marcuerquiaga,
17 Proof No. 02526 with an 1886 priority to irrigate 44.32 acres of
18 land, are to be served prior to the 475.87 acres of diversified
19 pasture, with a priority of 1874, under claimants, Bengoa Ranching
20 Company, Inc., Proof No. 02514. That after the 475.87 acres of
21 diversified pasture rights are served on the Bengoa Ranching
22 property, or if there is insufficient water in Horse Creek to
23 reach the said diversified pasture, that in that event Henry and
24 Candida Marcuerquiaga can utilize such water on their property
25 known as the Horse Creek Ranch.

26 IX.

27 That water for irrigation purposes may be diverted at any
28 time throughout the year, provided that the total amount diverted
29 during any calendar year shall not exceed the duty in acre-feet
30 as established herein with the exception of Proof No. 02514 and

1 Proof No. 02526 as described under Articles VII and VIII herein.

2 X.

3 That the right to the diversion and use of water for domestic
4 purposes is to be continued by the claimants named herein or their
5 successors in interest at any time during the year and such div-
6 ersions shall be according to the dates of priority of the
7 irrigation right of such claimant, and such use is to be limited
8 to the quantity of water reasonably necessary for domestic
9 purposes.

10 That the amount of water diverted and used for stock
11 watering purposes shall not exceed 0.00000625 c.f.s. per head of
12 sheep or 0.00003125 c.f.s. per head of cattle, said quantity being
13 delivered to the place of use when necessary for this purpose.

14 That the amount of water diverted for irrigation purposes
15 shall not be increased by any amount to be used for stock watering
16 and domestic purposes at times when water for irrigation is
17 accessible for stock watering and domestic purposes.

18 XI.

19 That all waters allotted under this Order shall be appur-
20 tenant to the place or places of use designated herein. That any
21 water user desiring to change the point of diversion, manner and
22 place of use of the waters allotted herein must make application
23 to the State Engineer for permission to make the change pursuant
24 to law.

25 XII.

26 That the name of the claimants and appropriators of Kings
27 River and its tributaries, being the source of water supply, the
28 means of diversion from the source of supply for beneficial use,
29 the points of diversion, the year of priority, the cultural
30 acreage, or place of use, the manner of use, the period of use,

1 the legal subdivisions, sections, townships and ranges, the duty
2 of water, and the number of cubic feet of water per second per
3 acre irrigated by the claimants and appropriators are hereby
4 adjudged as follows, to-wit:

5 Proof No: 02504
