

IN THE MATTER OF THE DETERMINATION OF)
 THE RELATIVE RIGHTS IN AND TO THE WATERS :
 OF THE MUDDY RIVER AND ITS TRIBUTARIES : ORDER
 IN CLARK COUNTY, STATE OF NEVADA.)

The above entitled decree incorporated the following provision in the last sentence of paragraph nine (9), quote: -

"Substantial headgates, weirs or other measuring devices and sand boxes, as the State Engineer, through the Water Commissioner, may direct or require, shall be installed and maintained in good order by all who divert or use the waters of said stream system."

Section 56, Chapter 140, Statutes of 1913 as amended, Chapter 159, Statutes of 1947, provides in part as follows:

"The owner or owners of any ditch or canal shall maintain to the satisfaction of the state engineer a substantial headgate at or near the point where the water is diverted, which shall be of such construction that it can be locked and kept closed by the water commissioner; and such owners shall construct and maintain, when required by the state engineer, suitable measuring devices at such points along such ditch as may be necessary for the purpose of assisting the water commissioner in determining the amount of water that is to be diverted into said ditch from the stream, or taken from it by the various users."

Pursuant to the provisions of the Decree of the Tenth Judicial District Court (now Eighth Judicial District Court) of the State of Nevada herein referred to and in conformity with the Statutes of the State of Nevada relating to water matters, you are hereby ordered to install suitable headgates and measuring devices in all of your ditches which divert water from Muddy River and its Tributaries as seen as practicable, but in any event not later than thirty (30) days from the date of this Order.

Dated this 3rd day of May, 1954.

 HUGH A. CHAMBERGER
 State Engineer
