In 1976 a solid levy was placed over one of the regulatory dams in the E $\frac{1}{2}$ of the SW $\frac{1}{4}$ of section 31, T.37N., R.39E., which irrigates properties in sections 25, 30, 31, 35, and 36, T.37N., R.38E., and sections 1, 2, and 3 of T.36N., R.38E., and also section 31, T.37N., R.39E.

In accordance with the Humboldt Decree and Chapter 535 of Nevada Revised Statute, you are hereby ordered to replace the dam that was covered up, or to enlarge the remaining dam so that the Humboldt River will not be restricted and so that the property owned by you can be controlled as to the amount of water it receives.

The above work must be completed no later than March 15, 1979.
