

IN THE OFFICE OF THE STATE ENGINEER
OF THE STATE OF NEVADA

O R D E R

It is hereby ordered that, effective this date, all wells drilled within the area of Fallon of the Carson Desert Designated Basin within Townships 18 North, Ranges 27, 28, 29 East, and Townships 19 North, Ranges 26, 27, 28, 29 and 30 East, must comply with the following specifications:

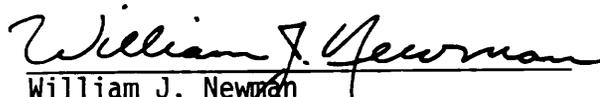

That wells drilled to a depth exceeding 50 feet must have a minimum seal depth of 50 feet as prescribed by the well drilling regulations.

That all wells drilled to a depth of less than 50 feet shall have a minimum seal depth of 25 feet.

All wells must be sealed with neat cement, cement grout or concrete, no other materials are acceptable.

ALL SEALS must be a minimum of 2 inches surrounding the casing as prescribed by the well drilling regulations.

The Well Driller Report must show the actual depth the well has been sealed.

William J. Newman
State Engineer
