

IN THE OFFICE OF THE STATE ENGINEER
OF THE STATE OF NEVADA

976

O R D E R

James D. and Georgia M. Childress
3640 Las Vegas Blvd. North
North Las Vegas, Nevada 89030
Certified Mail No. P732 729 106

The records in the office of the State Engineer show that you are the owner of a well located in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 7, T.20S., R.62E., M.D.B.&M., as further described under Permit 26634. This permit was issued on March 28, 1972 for quasi-municipal purposes (trailer park) with a diversion rate and annual duty not to exceed 0.50 cubic feet per second and 8.26 million gallons respectively. The terms of this permit require a meter to be installed in the discharge pipeline, near the point of diversion, and accurate measurements must be kept of water placed to beneficial use.

Proof of Application of Water to Beneficial Use was filed with this office by you on August 27, 1976. Meter readings were not included with this application.

You were notified by certified mail on November 4, 1976 and December 7, 1976, that a meter was required by the terms of the permit. Field investigations by this office reflect that a meter has not been installed as required by Permit 26634.

You are not in compliance with the terms of the permit and are hereby ordered to install or submit evidence that steps have been taken to acquire and install the required meter within 30 days of the date of this notice or Permit 26634 will be cancelled.

Peter G. Morros
State Engineer

Dated at Carson City, Nevada,
this 23rd day of JUNE, 1988.
