Application No. 12257 was filed on February 11, 1948 by Frank Alexis to appropriate 0.20 c.f.s. of water from an underground source for the watering of 300 head of cattle and 15 horses. The proposed point of diversion and place of use are to be in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 14, T. 5 S., R. 37 E., M.D.B.&M.

This application was protested on June 3, 1948 by Basil Brewer and George A. Riley.

RULING

The proposed point of diversion and place of use under Application No. 12257 are located within the boundaries of grazing lease, Serial No. C.C. 23625 issued to Frank Alexis by the Bureau of Land Management, Division of Grazing.

The protest to the granting of Application No. 12257 is herewith overruled on the grounds that the proposed stockwatering facilities are within the grazing lease of Frank Alexis and are outside of any area leased to Basil Brewer and George A. Riley. A permit will be issued under this application upon receipt of the statutory fee.
