RULING

GENERAL

Dennis E. Watt filed an application for a well drillers license on October 8, 1986, in compliance with the provisions of NRS 534.140. Mr. Watt listed, on his application, the names of four (4) individuals who had personal knowledge of his experience and ability as a water well driller. The references were contacted by the office of the State Engineer and asked to comment on the applicants experience and knowledge as a water well driller.

On December 26, 1986, Mr. Watt was notified, by certified mail, to appear before the Statewide Well Drillers' Advisory Board for an oral interview. The interview before the board took place at 9:00 A.M., on January 16, 1987, in the office of the State Engineer located at 1515 East Tropicana, Suite 375, Las Vegas, Nevada. Mr. Watt appeared, as scheduled, before the Statewide Well Drillers' Advisory Board and was questioned by the board members concerning his knowlege of the regulations for drilling water wells in the State of Nevada and his knowlege of the equipment that he had indicated, on his application, that he was familiar with and had operated. He was questioned by the board members concerning general practices of water well drilling, sealing, and drilling wells in areas where moderately difficult situations could arise.

The Statewide Well Drillers' Advisory Boards recommendation to the State Engineer was that Dennis E. Watt application be denied on the grounds that he does not have sufficient hands on experience in drilling wells; that he lacks sufficient drilling experience and sufficient knowledge to deal with common drilling problems and equipment.

CONCLUSIONS

The State Engineer has reviewed the recommendation of Mr. Watt's appearance before the Statewide Well Drillers' Advisory Board and Mr. Watt's application and responses from the references provided by the applicant. The State Engineer concludes, upon review of the record, that he must concur with the recommendation of the Statewide Well Drillers' Advisory Board.

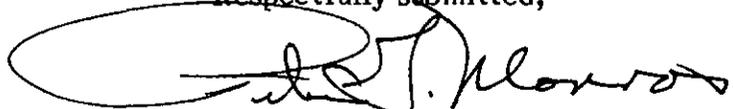

RULING

The application for a well drillers license in the State of Nevada by Dennis E. Watt is hereby denied on the grounds that the applicant has not demonstrated sufficient experience for drilling wells in the State of Nevada and that to consider the application for approval would not be in the public interest and welfare.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Peter G. Morros", is written over a large, hand-drawn oval. The signature is fluid and cursive.

Peter G. Morros
