General:

Application 19201 was filed by Mr. Omer Thompson on September 15, 1960, to appropriate 6 c.f.s. of underground water for irrigation and domestic purposes in support of Homestead Entry Nevada-053562.

The Bureau of Land Management, by letter dated September 21, 1962, over the signature of R. M. Zundel, Chief, Lands Adjudication Section, informed the office of the State Engineer that the Homestead application by Omer Thompson, Nevada-053562 was canceled and closed on the land office records.

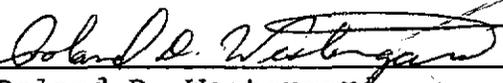

RULING

Application 19201 is hereby denied on grounds that the applicant does not have control of the land on which he plans to place the water to beneficial use and that its granting would be detrimental to the public welfare.

Respectfully submitted,

GEORGE W. HENNEN
State Engineer
