R U L I N G

GENERAL:

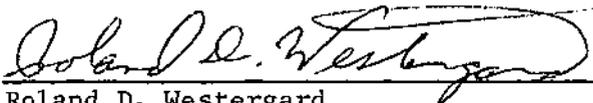

Application No. 22005 was filed May 19, 1964, to appropriate 5.0 c.f.s. of water from Edgewood Creek and tributaries for quasi-municipal purposes. The proposed point of diversion is described as within the SE $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 26, T. 13 N., R. 18 E., M.D.B. & M. The proposed place of use is described as within a portion of Lot 3, Lot 4, portion of S $\frac{1}{2}$ SE $\frac{1}{4}$ Section 22, S $\frac{1}{2}$ NW $\frac{1}{4}$, N $\frac{1}{2}$ SW $\frac{1}{4}$, NW $\frac{1}{4}$ SE $\frac{1}{4}$, portion of NW $\frac{1}{4}$ NW $\frac{1}{4}$ Section 26, NE $\frac{1}{4}$, NE $\frac{1}{4}$ SE $\frac{1}{4}$, portion of NW $\frac{1}{4}$ SE $\frac{1}{4}$, Lot 1, Lot 2, Section 27, T. 13 N., R. 18 E., M.D.B. & M.

RULING

Application No. 22005 is for water to be used for a quasi-municipal use for a 1500 room hotel, stores, lawns, cooling, fire protection, etc., which would require a firm supply of water for a twelve-month period of time. Edgewood Creek is a flash flow stream that has a sudden flash or flush flow for a comparatively brief period fed by melting snows, then diminishes to a point insufficient to serve decreed rights. Application No. 22005 is herewith denied on the grounds that there is not a firm supply of water at the point of diversion and that its granting would impair the value of existing rights and would be detrimental to the public welfare.
