

IN THE MATTER OF PERMIT 21630)
FOR APPROPRIATION OF WATER FROM)
UNDERGROUND SOURCES IN CLARK)
COUNTY, NEVADA.]

R U L I N G

1604
Application 21630 was filed by Pop's Oasis, Inc. on November 12, 1963, to appropriate 1.0 c.f.s. of water from an underground source for quasi-municipal (industrial) and domestic use. A permit was granted under this application on May 28, 1964, for 1.0 c.f.s. of water. The Proof of Commencement and Proof of Completion were filed in the office of the State Engineer in accordance with the terms of the permit.

On January 29, 1969, this permit was cancelled for failure to file the Proof of Beneficial Use in accordance with the terms of the permit. This cancellation was in error since the Proof of Beneficial Use was received in the Las Vegas Branch of the State Engineer's Office on January 24, 1969, which was within the required time allotted under the terms of the permit.

RULING

The cancellation of Permit 21630 is hereby rescinded and further processing of the Proof of Beneficial Use under this permit will continue.

Respectfully submitted,

ROLAND D. WESTERGARD
State Engineer
