

IN THE MATTER OF APPLICATION 7407 )  
FILED BY MARTIN FILIPPINI TO )  
APPROPRIATE WATER FROM AN UNDERGROUND) R U L I N G  
SOURCE WITHIN LANDER COUNTY, NEVADA )

GENERAL:

Application 7407 was filed on June 26, 1925 for 0.5 c.f.s. for stockwatering purposes. The proposed source is underground within the NE $\frac{1}{4}$ NE $\frac{1}{4}$  Section 13, T. 25 N., R. 44 E. (unsurveyed) and the place of use is within the same subdivision as the point of diversion.

A letter was sent to the owner of record on August 6, 1969 requesting if they were interested in further action on the application. On August 29, 1969 Henry Filippini (the successor in interest of Martin Filippini) indicated by letter he was interested in action being taken on the application. He, in turn, was informed that action could not be taken until the chain of title was complete, transferring the application into his name. On October 6, 1969 Orville R. Wilson, Attorney for Henry Filippini, indicated, by letter, it would not be possible to complete the chain of title to Henry Filippini and, at the same time, filed Application 25308 to appropriate water from the same source as Application 7407.

RULING

Application 7407 is herewith denied on the grounds that the applicant or his successors in interest failed to submit the information requested and the approval of this application without the information requested, would be detrimental to the public welfare.

Respectfully submitted,

  
Roland D. Westergard  
State Engineer
