

IN THE MATTER OF APPLICATION FOR)  
A WELL DRILLER'S LICENSE FILED )  
BY JERRY LEE NARON, WINNEMUCCA, )  
HUMBOLDT COUNTY, NEVADA. )

R U L I N G

GENERAL:

An application for a Nevada well driller's license was received in this office on November 14, 1974, with the statutory \$25.00 filing fee from Jerry Lee Naron, #3 Bridge Street, Winnemucca, Nevada 89445. Receipt No. 4116 for the \$25.00 fee was issued on November 14, 1974, to Jerry Lee Naron.

Requests for references were forwarded to five (5) persons as listed in the application on December 3, 1974. Four (4) responses were received to the requests for reference, three (3) of which made no reference to the applicant's ability or experience as a well driller.

The applicant was advised by certified mail dated December 26, 1974, that a time was scheduled on the agenda to appear for an oral interview before the Statewide Well Drillers' Advisory Board. The applicant failed to appear before the Advisory Board as scheduled.

By letter dated January 6, 1975, the applicant advised the State Engineer that he would seek other employment that did not require a license.

The application of Jerry Lee Naron was considered at Meeting No. 1-75 of the Statewide Well Drillers' Advisory Board held on January 10, 1975, and the Board recommended a letter be forwarded to the applicant requesting additional references and denial of the application if no response was received within a reasonable time.

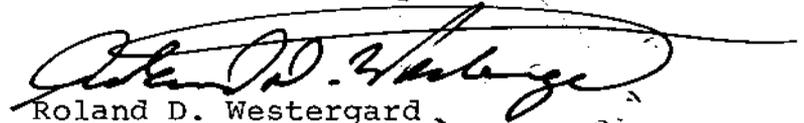

No response has been received to this date to a letter dated January 14, 1975, by certified mail to the applicant requesting additional references and an expression of interest.

RULING

The application of Jerry Lee Naron for a Nevada well driller's license is herewith denied on the grounds that the applicant failed to submit the required number of satisfactory references and failed to appear before the

Statewide Well Drillers' Advisory Board for an oral interview and, therefore, it cannot be determined that the applicant has sufficient knowledge and experience to qualify as a well driller.

Respectfully submitted,

  
Roland D. Westergard  
State Engineer
