General:

On December 5, 1960, the State Engineer was notified by the Bureau of Land Management Office in Reno, Nevada, that the grazing privileges were terminated in this area on January 21, 1957, and that no grazing leases have been issued in the area since that date.

RULING

Application No. 14516 is herewith denied on grounds that the applicant does not have grazing privileges in the service area of this source and that its granting would be detrimental to the public welfare.

Respectfully submitted,

*Edmund A. Muth*
