APPROPRIATE UNDERGROUND WATER FOR IRRI-)
GATION AND DOMESTIC PURPOSES IN LYON)
COUNTY, NEVADA.)

R U L I N G

General:

102
Application No. 19587 was filed to appropriate 6.0 c.f.s. of water from an underground source within the SE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 12, T. 13 N., R. 25 E., M.D.B.&M., for the irrigation of 214 acres of land.

A protest to the granting of this application was filed on May 9, 1961, by the City of Yerington.

It is the opinion of this office that there is unappropriated water in the source, and the well will not cause interference with other existing water rights.

RULING

The protest to the granting of this application is herewith overruled on grounds that its granting will not impair the value of existing water rights or be otherwise detrimental to the public welfare.

A permit subject to the following provisions will be issued under this application on receipt of the statutory permit fee:

- (1) The water must be used in conjunction with present water supplies;
- (2) The water granted under the permit is limited to supplemental use and is appurtenant to the 214 acres having existing water rights;
- (3) The well must be sealed above the first impervious strata encountered.

Respectfully submitted,

Edmund A. Muth
