R U L I N G

General:

153 Applications 18906 and 18907 were filed in support of Desert Land Application Nevada-048169. On March 24, 1961, we were notified by the Bureau of Land Management, Reno, Nevada, that they had closed the land applications. As of the date of this ruling, the applicant does not have control of the land on which he plans to place the water to beneficial use.

RULING

Applications 18906 and 18907 are hereby denied on grounds that the applicant does not have control of the land on which he plans to place the water to beneficial use, and that its granting would be detrimental to the public welfare.

Respectfully submitted,
