RULING

5522

GENERAL

I.

Application 32390 was filed on June 29, 1977, by Thomas E. Rosevear to appropriate 2.7 cubic feet per second of water from an underground source within the White River Valley Hydrographic Basin, White Pine County, Nevada, for irrigation and domestic purposes within the SE $\frac{1}{4}$ SW $\frac{1}{4}$, SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 16, N $\frac{1}{2}$ NE $\frac{1}{4}$ of Section 21, T.12N., R.62E., M.D.B.&M. The proposed point of diversion is described as being located within the NE $\frac{1}{4}$ NW $\frac{1}{4}$ of said Section 21.¹ Application 32390 was filed in support of a Carey Land Act Application.

FINDINGS OF FACT

I.

By certified letter dated February 4, 2005, to the applicant and his agent, the Office of the State Engineer requested the applicant to provide information as to whether he still had an interest in pursuing the application. The letter assigned a 30-day time frame to submit the requested information or the application would be subject to denial. The certified letter to the applicant was returned by the United States Postal Service marked "no such number" and the signed certified mail receipt from the agent was received in the Office of the State Engineer on February 9, 2005. The State Engineer finds that it is the responsibility of the applicant, his agent or his successor in interest to keep this office informed of a current mailing

address. The State Engineer finds the applicant has not expressed an interest in pursuing this application in 28 years. The State Engineer finds that no response was received to the request for information.¹

CONCLUSIONS

I.

The State Engineer has jurisdiction over the parties and the subject matter of this action and determination.²

II.

Before either approving or rejecting an application, the State Engineer may require such additional information from the applicant as will enable him to properly guard the public interest.³

III.

The State Engineer is prohibited by law from granting a permit under an application to appropriate the public waters where:⁴

- A. there is no unappropriated water at the proposed source;
- B. the proposed use or change conflicts with existing rights;
- C. the proposed use or change conflicts with protectible interests in existing domestic wells as set forth in NRS § 533.024; or
- D. the proposed use or change threatens to prove detrimental to the public interest.

IV.

The applicant has failed to submit the information requested to the State Engineer's office. The State Engineer concludes that without the additional data sufficient information is not available to properly guard the public interest. The State Engineer concludes to grant a water right to an applicant that

does not express an intent to go forward with the project would threaten to prove detrimental to the public interest.

RULING

Application 32390 is hereby denied on the grounds that the applicant has not submitted the data and information requested by the State Engineer's office, and that without this information granting of the application would threaten to prove detrimental to the public interest.

Respectfully submitted,

HUGH RICCI, P.E.
State Engineer
