

IN THE OFFICE OF THE STATE ENGINEER  
OF THE STATE OF NEVADA

IN THE MATTER OF NEVADA WELL DRILLER)  
LICENSE NO. 1455, VERNON CANNON, JR. )

ORDER

Vernon Cannon, Jr. has been duly licensed to drill water wells in this state since 1986, as required in NRS 534.140 and 534.160.

Vernon Cannon, Jr. was noticed by certified mail dated March 26, 1990, to answer a written complaint received from Howard Duncan in the matter of a partially completed well in Stagecoach, Nevada.

The State Engineer, finding the response received from Vernon Cannon, Jr. inadequate, set the matter for hearing, sent certified mail on November 5, 1990, to Vernon Cannon, Jr., to be heard on November 26, 1990, in Carson City, Nevada. The Hearing Notice (copy enclosed) also set other unresolved matters to be heard on that date, and was sent in compliance with NRS 534.160.

The hearing was conducted by the State Engineer at the time and place set forth in the Notice, but Vernon Cannon, Jr. failed to appear.

The State Engineer finds sufficient un rebutted evidence in the license file and received at the hearing to conclude the well driller has failed to comply with the controlling statute and/or regulation.

It is therefore the Order of the State Engineer, issued orally at the hearing and pursuant to the authority in NRS 534.160(3), to revoke the well drilling license of Vernon Cannon, Jr., for failure to comply with the law or the required regulations.

  
R. MICHAEL TURNIPSEED, P.E.  
State Engineer
