

IN THE OFFICE OF THE STATE ENGINEER
OF THE STATE OF NEVADA

ORDER

It is the intention of Chapter 534 of the Nevada Revised Statutes to prevent the waste of underground waters and pollution and contamination thereof.

The drilling of a well to develop water by an inexperienced and unlicensed operator in direct violation of NRS 534.160 places this resource in danger of pollution by an improperly constructed well.

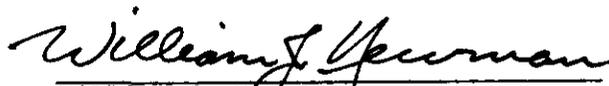

The Division of Water Resources, the Statewide Well Drillers Advisory Board and the Nevada Drilling Contractors Association have worked many years to improve the quality of well drilling in Nevada to protect this valuable resource.

It is hereby ordered that the well drilled by John Haberland located within the SE1/4 SW1/4 Section 25, T.22S., R.60E., M.D.B.& M., Clark County Assessor's Parcel No. 630-380-120-030 be plugged and sealed within thirty (30) days of this date.

The above described well was drilled by an unlicensed operator for domestic use in violation of NRS 534.130, NRS 534 140, Section 7, and NRS 534.160, Section 2.

The subject well is to plugged and sealed in a manner prescribed by the State Engineer's office. Violation of this order and failure to properly plug and seal the described well within thirty (30) days of this date will cause the State Engineer to plug and seal the well as provided under NRS 534.060, Section 5.

BY ORDER OF THE STATE ENGINEER

William J. Newman
State Engineer

Dated at Carson City, Nevada,
this 24th day of JUNE, 1980.
