

IN THE OFFICE OF THE STATE ENGINEER
OF THE STATE OF NEVADA

ORDER

Leland Dolan
Crestview Trailer Park
600 Hot Springs Road
Carson City, Nevada 89706
Certified Mail #P117 624 463

A field investigation made by the State Engineer's office on July 10, 1989, revealed that two wells on Assessor's Parcel 2-062-01 was using water to serve the Crestview Trailer Park. This parcel is located within a portion of the NW $\frac{1}{4}$, Section 8, T.15N., R.20E., M.D.B.&M. The owner of record of this parcel, according to the Carson City Assessor's office, is Leland Doan, 600 Hot Springs Road, Carson City, Nevada 89706. Records in the office of the State Engineer indicate that there are no water rights in existence at the two points of diversion being utilized. This parcel is within the place of use of water rights held in the name of Carson City. Communication with the Carson City Water Department indicates that water service from Carson City is available for this parcel.

NRS 533.030, subsection 1, states that "(S)ubject to existing rights, all water may be appropriated for beneficial use as provided in this chapter and not otherwise." Further, NRS 534.020, subsection 1, provides (in part) as follows: "All underground waters within the boundaries of the state...are subject to appropriation for beneficial use only under the laws of this state relating to the appropriation and uses of water and not otherwise." (Emphasis added)

The State Engineer finds that you are in violation of NRS 533.030(1) and 534.020(1) by diverting water from these wells in the designated Eagle Valley Ground Water Basin.

YOU ARE HEREBY ORDERED to immediately make application to Carson City for water service to supply Crestview Trailer Park. You are further ordered that diversion of water from the two wells mentioned above shall cease within 90 days from the date of this order or immediately upon delivery of water from Carson City to Crestview Trailer Park. Further, it is ordered that the said wells shall be plugged and abandoned in accordance with Article 14 of the Regulations for Drilling Water Wells within thirty (30) days after delivery of water is made to Crestview Trailer Park.

Peter G. Morros
State Engineer

Dated at Carson City, Nevada,
this 21st day of JULY, 1989.
