Mr. and Mrs. Kent Whipple
Hiko, Nevada 89017

Mr. Kay John Wright
Alamo, Nevada 89001

Messrs. Earl and Leonard Wadsworth
829 North Bruce Street, No. 1
Las Vegas, Nevada 89101

Dear Madames and Sirs:

Under the provisions of NRS 535.050 the State Engineer has the authority to order removal of obstructions that have been placed in any stream channel or watercourse when such obstructions have not been legally established.

The channel, known locally in Pahranaqat Valley as the West Sharp Ditch which has through the years been established as a natural channel to convey waters of Ash Springs and other natural run-off water, is now congested and obstructed.

You are hereby ordered and given notice that you are required to immediately proceed to remove all obstructions from this channel within its course on your property to provide a capacity for conveying the waters previously described.

If you have questions regarding this matter, please contact Mr. DeLyle Danner, Supervising Water Commissioner, P.O. Box 911, Elko, Nevada 89801, or telephone him at 738-7211, Extension 48.

Roland D. Westergard
State Engineer

Dated at Carson City, Nevada,
this 17th day of January, 1969.
