O R D E R

Mr. Von L. Sorenson  
591 13th Street  
Elko, Nevada 89801

Dear Mr. Sorenson:

Under the provision of NRS 535.050, the State Engineer has the authority to order the removal of dams or obstructions that have been placed in any stream channel or water course when such dams or obstructions have not been legally established.

The water rights of Covert Creek, which is a tributary to Secret Creek, were determined by Decree on October 8, 1935, in the District Court of the Sixth Judicial District of the State of Nevada in and for the County of Humboldt.

The channel of Covert Creek situated on your property is now obstructed, which prevents unrestricted flow of creek waters.

You are hereby ordered and given notice that you are required to proceed, no later than July 10, 1975, to remove all obstructions from this channel within its course on your property, to provide a capacity for conveying the waters of Covert Creek.

  
Roland D. Westergard  
State Engineer
