**IN THE OFFICE OF THE STATE ENGINEER
AND
DIVISION OF ENVIRONMENTAL PROTECTION
DEPARTMENT OF CONSERVATION AND NATURAL RESOURCES**

O R D E R

Al Corey - AC - 5 LTD. Partnership
901 North Val Vista Drive
Mesa, AZ 85203

This office has determined through investigation that you are the owner of an artesian well located on that certain acre parcel located within the SE1/4 NW1/4 Section 21, T.22S., R.61E., M.D.B.&M., and further described as Clark County Assessor's Parcel No. 370-440-002.

As provided under NRS 534.020(2), 534.060(4), 445.221 and 445.324 the State Engineer and the Administrator of the Division of Environmental Protection find the well to be a potential source of contamination to the underground waters of the Las Vegas Artesian Basin and further find that the well represents a hazard at the surface. Part 14 of Nevada's Regulations for Drilling Water Wells, as adopted under Chapter 534 of the Nevada Administrative code, requires that all abandoned wells must be properly plugged.

Therefore as provided under NRS 534.060(4) you are hereby ordered to plug and seal the subject well as required under the provisions of Part 14 of Nevada's Regulations for Drilling Water Wells by December 18, 1987. You shall submit a written report detailing the work within 2 weeks of completion.

PETER G. MORROS
State Engineer
Division of Water Resources

L.H. Dodgion, P.E.
Administrator
Division of Environmental Protection

Dated at Carson City, Nevada, this

3rd, day of December, 1987.
