Applications 19527, 20616 and 29833 were filed on February 3, 1961, July 23, 1962 and December 4, 1975, respectively, for permission to appropriate the public waters of the State of Nevada.

Permits were granted under the provisions of NRS 534.120 and issued subject to revocation when water was available from the Las Vegas Valley Water District.

Water is now available from the Las Vegas Valley Water District and the District is, in fact, presently providing water service.

Information on file in the State Engineer's office indicates that the wells drilled under the above numbered permits were plugged in accordance with "Regulations for Drilling Water Wells" prior to October 6, 1987.

IT IS HEREBY ORDERED that Permits 19527, 20616 and 29833 are revoked and no further proceedings shall be had thereunder.
