Kawchack Drilling, Inc.
Route #3, 1578 Chiquita Road
Minden, Nevada 89423
Certified Mail #P732 756401

WHEREAS, this office received notice of intent No. 12422 on February 24, 1989, from Kawchack Drilling, Inc., to drill a domestic water well for one Ted Weber at 853 Sheridan Way on Douglas County Parcel No. 19-200-09.

WHEREAS, this office has determined through investigation on March 14, 1989, that the subject parcel and single family dwelling is presently receiving water service from the Sheridan Acres Water Company and that the subject well was to supplement that water service. NRS 534.013 specifically defines the limit and extent of domestic use.

WHEREAS, NRS 534.120(3)(d) authorizes the State Engineer to prohibit the drilling of domestic wells in areas where water can be furnished by an entity such as a water district presently engaged in furnishing water to the inhabitants thereof. The records of the State Engineer's office disclose no evidence that an application has been filed or a permit has been issued under the provisions of NRS chapter 533 which would authorize the drilling of the subject well. The drilling of this well is in violation of NRS 533.030, 533.325 and 534.050.

THEREFORE, YOU ARE HEREBY ORDERED, pursuant to the authority under NRS 534.120(1) and 534.120(3)(d), to immediately cease drilling operations and are further ordered to plug and seal the subject well immediately as set forth under Regulations for Drilling Water Wells, Part 14.

Peter G. Morros
State Engineer

Dated at Carson City, Nevada,
this 17th day of March, 1989.
