I, Frank Walker, being first duly sworn, depose and say that this map has been correctly drawn to the designated scale from field notes of a survey made by me between the 10th day of January 1941 and the 31st day of January 1949; that it truly and correctly represents the location and extent of the works used to divert water from Under ground, in Lincoln County, by John H. Conaway, for irrigation purposes. That all other works or streams which are crossed by or connected with said works, and the boundary area and kind of culture of lands irrigated, are correctly shown and designated hereon.
