TYPICAL DITCH SECTION.

STATE OF NEVADA }
COUNTY OF CLARK } ss.

I, L.M. Bobeau, a State of Nevada Water Rights Surveyor, being first duly sworn, depose and say that this map consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 13th and 14th days of September 1956; that it truly and correctly represents the location and extent of the works used to divert water from underground sources in Nye County for irrigation and domestic purposes under application N° 11384. That the point of diversion, the location and size of ditches, the extent of lands owned or controlled by the applicant upon which water applied for under application N° 11384 is used, together with the area and kind of culture in each 40 acre subdivision, and the location and names of all other works or streams which are crossed by or connected with said works are fully and correctly designated thereon.

State Water Rights Surveyor

Subscribed and sworn to before me this 17th day of September 1956.
