 I, HARRY D. WILLIS, being first duly sworn, depose and say that this map, has been correctly drawn to the designated scale from field notes of a survey made by me on the 12th day of March 1947, that it truly and correctly represents the location and extent of the works used to control water from Willow Creek in Clark County, by The Fish And Wildlife Service for fish culture and recreation purposes. That the dams their location and size and the place and manner of use and the location and names of all other works or streams which are crossed by, or connected with the said works, are fully and correctly designated thereon.
