

STATE OF NEVADA }  
 COUNTY OF ESMERALDA } ss.

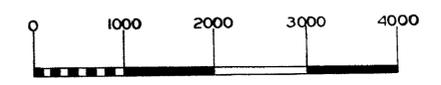

I, Harry H. Hughes, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me between the 30th day of June and the 27th day of July, 1954; that it truly and correctly represents the location and extent of the works used to divert water from the Manhattan dredge ponds in Nye County, by Kathryn K. Russell, for mining and milling purposes under application No. 12000. That the point of diversion, the location, size and grades of the diverting channel, location and description of all measuring devices, the location and extent of lands owned or controlled by the applicant upon which water applied for under application No. 12000 is used, and the location and names of all other works or streams which are crossed by or connected with said works are fully and correctly designated thereon.
