I, Harry H. Hughes, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me (or under my supervision and direction) between the 4th day of May and the 5th day of May, 1963; that it truly and correctly represents the location and extent of the works used to divert water from an underground source, in Nye County, by Theodore E. Selbach, for irrigation & domestic purposes, under application number No.16047. That the point of diversion, the location, size and grades of the diverting channel, location and description of all measuring devices, the location and extent of lands owned or controlled by the applicant upon which water applied for under application No.16047 are used, together with the area and kind of culture in each 40-acre subdivision, and the location and names of all other works or streams which are crossed by or connected with said works are fully and correctly designated thereon.

Harry H. Hughes
 State Water Right Surveyor
