I, WILLIAM A. REINKEN, being first duly sworn, depose and say that this map, consisting of one (1) sheet, has been correctly drawn to the designated scale from field notes of a survey made by me between the 1st day of June and the 1st day of August, 1958; that it truly and correctly represents the location and extent of the works used to divert water from an underground source in Douglas County, by FREEMAN C. FAIRFIELD for irrigation purposes under application No 16610. That the point of diversion, the location and size of the diverting conduits, the lands irrigated under application No 16610, together with the area and kind of culture in each 40-acre subdivision, and the location of all existing works used to irrigate said lands are correctly designated thereon.
