

STATE OF NEVADA SS
 COUNTY OF WASHOE

I, James N. Nelson, being first duly sworn, depose and say that this map has been correctly drawn to the designated scale from field notes of a survey made by me July 11, 1966; that it truly and correctly represents the location and extent of the works used to divert water from Mullens Spring in Washoe County by Adine Haviland Stix for irrigation purposes under Application No. 18,176. That the point of diversion, the place and manner of use, the location and names of all other works or streams which are crossed by or connected with said works are fully and correctly designated thereon, together with the area and kind of culture in each 40-acre subdivision under irrigation.

James N. Nelson
 State Water Right Surveyor

Subscribed and sworn to before me this 26th day of July, 1966.
