STATE OF NEVADA SS  
 COUNTY OF WASHOE

I, William J. Newman, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 11th day of November, 1965; that it truly and correctly represents the location and extent of the works used to divert water from underground in Humboldt County, by LYLE L. ELLISON, for irrigation and domestic purposes under application No. 18494. That the point of diversion, the location, size and grades of the diverting channel, location and description of all measuring devices, the location and extent of lands owned or controlled by the applicant upon which water applied for under application No. 18494 is used, together with the area and kind of culture in each 40-acre subdivision, and the location and names of all other works or streams which are crossed by or connected with said works are fully and correctly designated thereon.

William J. Newman  
 State Water Right Surveyor No. 285

Subscribed and sworn to before me this 13th day of December, 1965
