I, J. V. Caselli, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me the 6th day of June, 1959, that it truly and correctly represent the location and extent of the works used to divert water from an underground source by Bill Givens in Lander County for irrigation purposes. That all other works crossed by or connected with said works, and the boundary, area, and kind of culture of lands irrigated, are correctly shown and designated thereon.
