

POINT OF DIVERSION: Located N46°02'E a distance of 173.0 ft. from the SW corner of section 28. Consists of a 16 inch diam. cased well, 200 feet deep, with a Western pump (U.S. gearhead) powered by Allis Chalmers 10000, 90 H.P. diesel engine delivering water through West-East, south-North ditches as indicated, and watering seeded crops as shown. Extent of seeding and location of some ditches was stated to undersigned surveyor by Mr. W.E. Eudey who represents Edward L. Dittberner on the ground and who is presently purchasing the seeded land. The area was covered by 3 or 4 inches of snow during Cahill visit; hence the necessity of accepting Mr. Eudey's statements re. ditches and seeding. Appearance of land, furrows etc. indicate that Mr. Eudey's statements are correct. Average water flow from the well was measured on Dec. 2, 1967 by T.M. Cahill, Gabbs, Nevada at 1800 P.M. using a 24 inch rectangular contracted weir at a point 100 feet east of the well and checking the flow by float method in a portion of the ditch which had a uniform cross section.

I, T.M. Cahill being first duly sworn depose and say that this map, consisting of one sheet has been correctly drawn to the designated scale from field notes of a survey made by me between the 2 day of December and the 3 day of December 1967 and field checked on the 10 day of December 1967 that it truly and correctly represents the location and extent of the works used to divert water from underground source in Lander County by Edward L. Dittberner for Irrigation and Domestic purposes under permit Number 18944; That the point of diversion, the location, size and grades of the diverting channel, location and description of all measuring devices, the location and extent of lands owned or controlled by the applicant upon which water applied for under Permit number 18944 is used, together with the area and kind of culture in each 40 acre subdivision, and the location and names of all other works or streams which are crossed by or connected with said works are fully and correctly designated thereon.

J.M. Cahill
STATE WATER RIGHT SURVEYOR

Subscribed and sworn to before me this 12 day of December 1967.
