COUNTY OF CARSON CITY SS

I, **JAMES D. WALLACE**, being first duly sworn, depose and say that this map, consisting of 1 sheet, has been drawn to the designated scale from field notes of a survey made by me on Nov. 16, 1969, and from other data as noted; that it truly and correctly represents the proposed location and extent of the works used to divert water from an underground source in Douglas County, Nevada, by **Howard E. and Cleo F. Ingersoll & Raymond W. and Elaine L. Chester** for irrigation and domestic purposes under Application No. 23614. That the point of diversion, the location and size of the diverting channel, the location and description of all measuring devices, the location and extent of lands owned or controlled by the applicant upon which water applied for under said application is used, together with the area and kind of culture in each 40-acre subdivision, and the location and names of all other works or streams which are crossed by or connected with said works are fully and correctly designated thereon.
