STATE OF NEVADA
COUNTY OF DOUGLAS

I ROBERT G. DOWNER being firstduly sworn depose and say that this map consisting of one sheet, has been correctly drawn from field notes of a survey made by me on Oct. 9, 1972, that it truly and correctly represents the location and extent of the existing works used to divert water from well 25051 in Douglas County, by Roy D. & Ina J. Crowell, for irrigation purposes. That the point of diversion, the location and size of diverting channels, the location and extent of lands owned by the applicant, upon which water applied for under Application No. 25051 is used, together with the area, and kind of culture, in each 40 acre subdivision, and the locations and names of all other works and streams which are crossed by or connected by said works are fully and correctly designated hereon.
