I, Philip C. Hulse, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made under my direct supervision between the 1st day and the 30th day of June, 1978. That it truly and correctly represents the location and extent of the works used to divert water from underground sources in Lincoln County by Lom Thompson for irrigation under Application No. 25873, that the point of diversion, the location and sizes of the diverting channels, location and description of all measuring devices, the location and extent of lands owned or controlled by the applicant upon which water applied for under Application No. 25873 is used together with the area and kind of culture in each 40 acre subdivision, and the location and names of all other works or streams which are crossed by or connected with said works are fully and correctly designated thereon.
