County of White Pine } ss.

I, Richard W. Forman, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made under my supervision and direction between the 9th day of May, 1973, and the 14th day of May, 1973, that it truly and correctly represents the location and extent of the works used to divert water from Molleson Springs in White Pine County, by Norman L. Lindley and Sandra V. Lindley for irrigation and domestic purposes under Application No. 26890. That the point of diversion, the location, size of diverting channel, location and description of all measuring devices, the location and extent of all lands owned or controlled by the applicants upon which water applied for under Application No. 26890 is used, together with the area and kinds of culture in each 40-acre subdivision and the location and names of all other works or streams which are crossed or connected with said works are fully and correctly designated hereon.

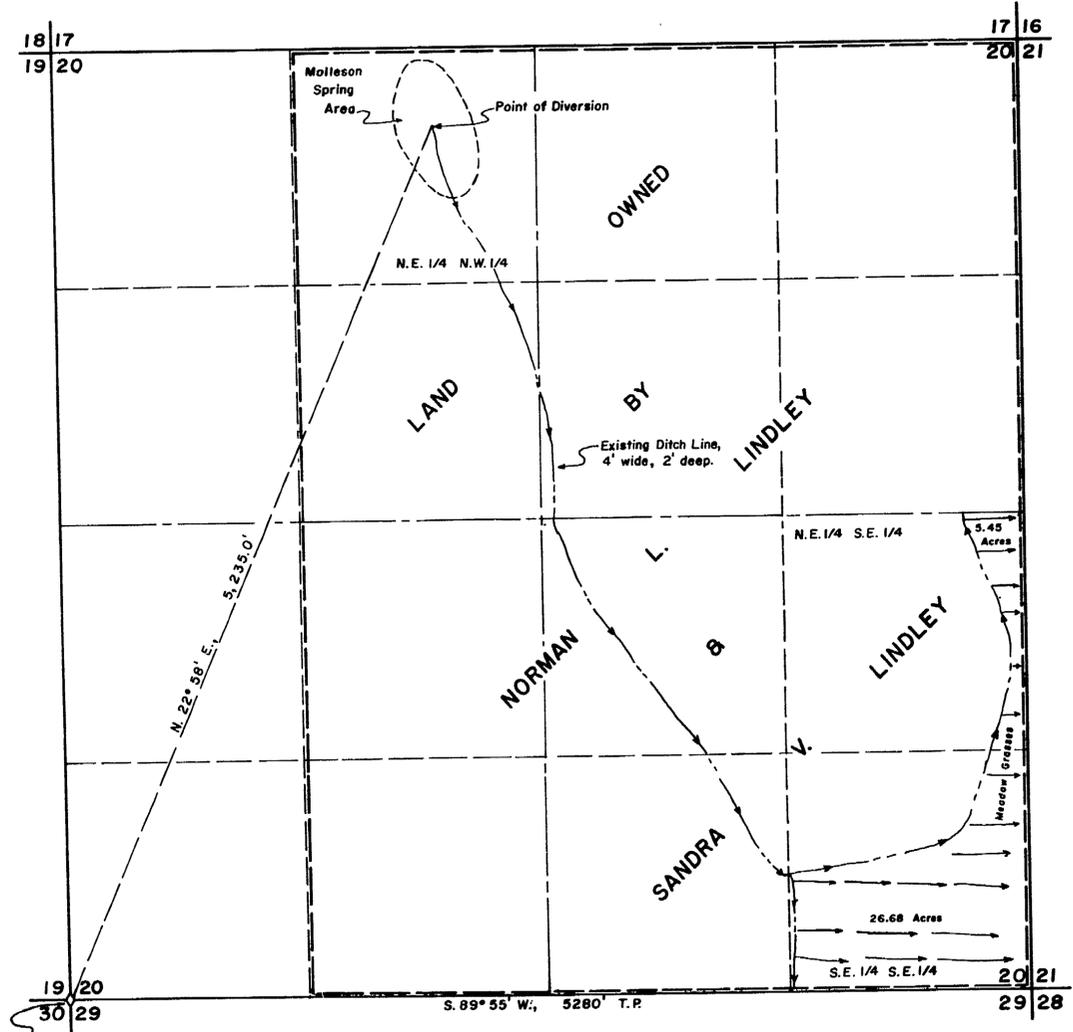

Richard W. Forman
State Water Right Surveyor

Subscribed and sworn to before me this 17th day of May, 1973.
