I, C. STEVE DEAL, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made under my direction on the 27th day of May, 1989; that it truly and correctly represents the proposed location and extent of the works used to divert water from underground, in Lincoln County by CHARLES E. & VERLA WADSWORTH, and CLAYTON & MYRNA WADSWORTH for irrigation purposes under Permit No. 35739. That the point of diversion, the location and size of the diverting channel, location and description of all measuring devices, the location and extent of the lands owned or controlled by the applicant upon which water under Permit No. 35739 is used together with the area and kind of culture in each 40-acre subdivision and the location and names of all other works or streams which are crossed by or connect with said works are fully and correctly designated thereon.
