STATE OF NEVADA }
COUNTY OF DOUGLAS } s.s.

I, B. J. Vasey, being first duly sworn, depose and say that this map, consisting of one (1) sheet, has been correctly drawn to the designated scale from field notes of a survey made under my supervision and direction on the 24th day of January, 1983; that it truly and correctly represents the location and extent of the works used to divert water from an underground source in Douglas County, by Douglas County for Recreation and Domestic purposes. That the point of diversion, location and description of the measuring device, the location and extent of lands owned or controlled by the applicant upon which water applied for under Permit No. 36865 is used, together with the area and kind of culture in each 40-acre subdivision, and the location and names of all other works or streams which are crossed by or connected with said works are fully and correctly designated thereon.

B. J. Vasey
State Water Right Surveyor No. 306
