I, Clare N. Mahannah, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made under my supervision and direction, on October 12, 1993; that it truly and correctly represents the proposed location and extent of the works used to divert water from underground, in Washoe County, by Myron Gaylord Sayan for irrigation and domestic purposes under permits 51088 and 52618. That the point of diversion, location and description of all measuring devices, the location and extent of lands owned or controlled by the applicant upon which water applied for under permits 51088 and 52618 is used, together with the area and kind of culture in each forty acre subdivision, the location and names of all other works or streams which are crossed or connected with said works are fully and correctly designated thereon.
