I, Robert R. Squires, being duly sworn, depose and say that this map consisting of one sheet has been correctly drawn to the designated scale, from field notes of a survey made by me on May 29, 2004.
The map truly and correctly represents the proposed location and extent of the works used to divert water from an Unnamed Spring in Washoe County, Nevada, by Bill and Linda Kennedy, for domestic and irrigation purposes under Permit 62532. That the point of diversion, the location size of the diverting channel or other conduit, and the location and extent of lands owned or controlled by the applicant upon which water applied for under Permit 62532 is used, together with the area and kind of culture in each 40-acre subdivision, and the location and names of all other works or streams which are crossed by or connected with said works are fully and correctly designated thereon.
