County of Lincoln }
 I, Frank Walker, being first duly sworn, depose and say that this map has been correctly drawn to the designated scale, from field notes of a survey made by me on the 12th day of October 1937; that it truly and correctly represents the location and extent of the works used to divert water from GRAY SHALE SPRING and CHOKECHERRY SPRING in Lincoln County, by Mackelprang Brothers, for stock watering purposes. That the proposed point of diversion, the approximate location and size of the diverting pipe and troughs, the place and manner of use and the location and names of all other works or springs in connection with said works are fully and correctly designated thereon.

Frank Walker
 State Water Right Surveyor
