

STATE OF NEVADA }
 COUNTY OF ESMERALDA } SS.

I, Ed. S. Giles, being first duly sworn, depose and say, that this map consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 3rd day of April, 1938, that it truly and correctly represents the proposed location and extent of the works used to divert water from an underground flow in Esmeralda County by Mark Bradshaw, for milling purposes. That the proposed point of diversion, the approximate position of the diverting pipe line, the location of all other works that cross or connect with the proposed works and the boundaries of all lands, showing by forty acre subdivisions the location of the proposed point of diversion, development and place of use, are fully and correctly designated thereon.

Ed. S. Giles

STATE WATER RIGHT SURVEYOR.

Subscribed and sworn to before me
 this 1st day of April, 1938.

John A. Haulshaw
