 I, L. B. Spencer, being duly sworn, depose and say that this map has been correctly drawn to the designated scale, from the field notes of a survey made by me on the 12th day of October, 1938, that it truly and correctly shows the extent of the proposed works used to divert the water from Brewery Gulch Springs in Mineral County, Nevada, by Spring Valley Milling Co., for Mining, Milling and Domestic Purposes. That the proposed Point of Diversion, the location of proposed storage at Place of Use, the size of pipe, and the location and names of all other works, streams and mining claims which are crossed by or connected with said works are fully and correctly shown hereon.

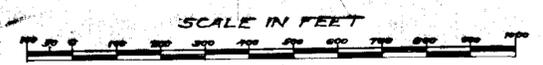

L. B. Spencer
 State Water-Right Surveyor

Subscribed and sworn to before me this 8th day of November, 1938

J. C. Connelley
