I, Frank Walker, being first duly sworn, depose and say that this map consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 10 to 12 day of Nov. 1939; that it truly and correctly represents the location and extent of the proposed works used to divert water from Flood Waters of GREGERSON BASIN, in Lincoln County, by John H. Conaway, for stockwatering purposes. That the approximate location of the proposed reservoir, dam, place and manner of use, and all other works or conditions are fully and correctly designated thereon.
