I, C.R. Townsend, being first duly sworn depose and say that this map has been correctly drawn to the designated scale from the field notes of a survey made by me on April 5, 1941. That it correctly represents the proposed location and extent of works used to divert water from Carter well in White Pine County by A.N. Carter, for irrigation purposes; That the proposed point diversion, the approximate location and size of the diverting channel and all other works which will cross or connect with the proposed works and the boundary of all lands, showing by 40 acre subdivisions the areas proposed to be irrigated are fully and correctly designated thereon.

C.R. Townsend
 State Water Right Surveyor
