State of Nevada } ss.
 County of Lincoln }

I, Frank Walker, being first duly sworn, depose and say that this map has been correctly drawn to the designated scale from field notes of a survey made by me on the 29 day of May 1927 and the 21 day of Feb. 1941; that it truly and correctly represents the location and extent of the works used to divert water from OLD CULVERWELL SPRING, in Lincoln County, by Charles Culverwell, for irrigation purposes. That the proposed point of diversion, the approximate location of the diverting channel, the location and names of all other works which will cross or connect with the said works, and the boundary of all lands, showing by 40-acre subdivisions the areas proposed to be irrigated, are fully and correctly designated thereon.
