I, Frank Walker, being first duly sworn, depose and say that this map has been correctly drawn to the designated scale from field notes of a survey made by me between the 23d and 25th day of April 1941; that it truly and correctly represents the location and extent of the works used to divert water from Delamar Valley Drainage, or Delamar Lower Dry Lake Reservoir, in Lincoln County, by John H. Conaway, for stockwatering purposes; that the point of diversion, the location and size of the reservoir, the place and manner of use, and the location and names of all other works which are crossed by or connected with said works, are fully and correctly designated thereon.

Frank Walker
State Water Right Surveyor

Subscribed and sworn to before me this 25 day of April 1941.
